Which session is best for me?

REGULAR / FULL SESSION

This is fitting for all sessions. Great for engagements, family, children, holiday themes, modeling, clothing lines and general lifestyle sessions. The style is more photojournalistic in nature. You choose the theme/toner for the session and you're welcome to bring your own props. *Minimal pre-planning is needed for a successful session.

EXCLUSIVE STYLED SESSION

This is a session focused on creating and executing commercial level images. Useful for business, kids, engagements, magazine submission, product photography, modeling portfolio building, and entertainers. This session includes extensive concept creation, prop shopping, set building, and/or advanced photo manipulation. This is the session that tests the bounds of art, creativity and team work. Along with access to my preferred vendors in Hair/Makeup/Styling. *Extensive pre-planning is needed for a successful styled session.

DO YOU RETOUCH IMAGES?

I do basic retouching on all images. For extensive requests you can add-on advanced retouching for an additional price.

DO YOU CHARGE FOR TRAVEL?

Prices include all travel around the Lexington region. For sessions outside of Lexington, I charge .50 per mile.

HOW MANY OUTFITS?

You can bring anything you want to your session, as long as you can fit them into the time slot you selected.

HOW TO BOOK?

Simply respond back to me with your preferred date and time. We will discuss your ideas and expectations; and then I will put you on the calendar! You pay the balance in full in person at the beginning of the photo session. Check the full FAQ list at www.stacimarie.com/faq.
